Vito Acconci wrote

A situation using streets (walking, glancing)
passes
under the table.

Other voices for a second sight
throw
my word

where we are now (who are we anyway?),
bad dream house
drifts,

jumps,
blinks,
anchors

claim excerpts
face to face
under-history lessons.

Bas Jan Ader wrote

I'm too sad to tell you:
"please don't leave me
in search of the miraculous".

Francis Alÿs wrote

If you are a typical spectator, what you are really doing is/
waiting for the accident to happen,
looking up,
pacing
the modern procession
when faith moves mountains...

William Anastasi wrote

I don't want this on my wall

this

this is not my signature

O eternity

a painting of a soup can used to hang here

and behaves accordingly

Helena Almeida wrote

Feel me,
inside of me,
vanishing point,
inhabited canvas.

Hear me,
inhabited painting
crossing
the house.

The secret.
Inhabited drawing
drowned in tears.
The experience of place.
